Subject: Offer of Employment – Health Data Analyst

Dear Vincent,

We are pleased to offer you the position of Health **Data Analyst** at **Ukubona LLC**, a Virginia-based company focused on public health data science and digital epidemiology.

Position Details:

- Start Date: Thursday, March 27, 2025
- Status: Full-time 21 hours/week
- Rate: \$13/hour
- Mode: Hybrid: Remote collaboration (via GitHub), with reporting to Virginia HQ
- Supervision: Directly mentored by Abimereki Muzaale, MD, MPH

Key Responsibilities:

- Analyze federal/clinical datasets (NHANES, CMS, USRDS, SRTR, NIS, etc.)
- Build and refine multivariable Cox regression models
- Contribute to a risk-visualization tool generating Kaplan-Meier survival curves
 - Interactive, individualized visualizations for base-case vs. decision-case scenarios
 - Inclusion of 95% confidence intervals to express uncertainty
- Script data pipelines for .csv output; assist in HTML/JavaScript front-end implementation
- Participate in research design, analysis, and manuscript preparation

We are excited to welcome you aboard and look forward to your contributions to our mission.

Warmly,

Abimereki Muzaale, MD, MPH
